MAKONDO JAIME

makondo.jaime@gmail.com - 0792448591 - GitHub: https://github.com/JaimeMakondo - Sunnyside 0001

Career Objective

To leverage my BSc Computer Science & Mathematics degree, combined with practical experience in web development (HTML, CSS, JavaScript), Python programming, and ITIL principles, to secure a challenging ICT role that utilizes my theoretical foundation in information processing, technology, and communication. A highly motivated and results-driven team player seeking to apply acquired knowledge and skills to drive innovation and growth.

PERSONAL INFORMATION

Date Of Birth: 1999-11-07   Age: 24   Gender: Male Race: Black

Marital Status: Single   Languages: Tshivenda |Tsonga | English   Drivers Licence: Code 10

PROJECTS

My calculator: https://jaimemakondo.github.io/univen-demo/

Designed and developed a basic calculator using HTML, CSS, and JavaScript, featuring arithmetic operations and an on/off switch. The project, which included implementation of addition, subtraction, multiplication, and division, was completed in 2 weeks.

We fix phones: https://123dakalo.github.io/wefixphones/indexs.html

My colleague and I have made progress on the webpage's styling and structure. We expect to complete the project within a 3-month timeline.
